*Klineline Kids Fishing (KFN) Program Sponsor,*

On Saturday, **May 2nd**, 2020 you can help host over 2,500 children, ages 5-14, along with their parents, at Klineline Pond in Salmon Creek Park. We also will host a “**Special Needs Fishing**” day on Friday **May 1st**.

Presented by *Klineline Kids Fishing Nonprofit (KFN)*, *Washington State Department of Fish and Wildlife (WDFW)*, and *Clark Public Utilities (CPU)*; this program aims to introduce children to the value of fishing and benefit of environmental stewardship. Every child will get a chance to experience not only the thrill of catching a fish, but also educational sessions offered by WDFW, CPU, US Fish & Wildlife, Columbia Springs and others.

Your generous contribution will help remove economic and environmental barriers to fishing. Children--and their families--will gain experience and improve skills in a fun, engaging outdoor environment. This exposure provides a critical step in educating the next generation about our precious natural resources and the importance of environmental stewardship.

KFN provides multiple levels of sponsorship and gladly accepts donations of any amount. Please support us at the level that works best for your organization.
